Uncoiled 2010 Debriefing

Final numbers: We had 37 attending unCOILED 2010. Final budget numbers are forthcoming, but the workshop cleared a considerable profit.

Comments from surveys: Overall, comments were extremely positive! The main issue identified was improved wifi (we slightly overwhelmed Stillwater's routers). Sarah sent a letter to Stillwater Public's director thanking them for hosting and emphasizing the importance of their venue to the Oklahoma library community.

Thoughts for next year: The group brainstormed some thoughts for next year's workshop, including possible topics, then decided to table the subject until next year.

OK-ACRL Conference: COIL session Planning

At the last OK-ACRL board meeting, the interest groups were asked to host breakout sessions introducing OK-ACRL members to their groups and what they do. After some brief conversation about the things we wanted to promote (Coil on Wheels, Workshop, leadership opportunities for new librarians), Sarah, Emily, and Mike Meisenheimer said they would meet separately closer to conference to plan out the details of the breakout.
