

COIL Minutes

January 4, 2013

Members Present: Adam Brennan, Allison Embry, Kristen Burkholder, Tammy Thomason, Beth Jones, Jamie Holmes, Sheila Bryant

Agenda:

- CROU.PS page: COIL members decided that the COIL GROU.PS page is no longer necessary.
- OKSLA Digital Symposium: The question of whether COIL should co-sponsor the Digital Symposium was discussed. It was decided that participation will be dependent on costs, level of commitment required, and whether or not the Digital Symposium will be a good networking opportunity for COIL members.
- Conference planning: *Close Encounters of the Student Kind* was announced as the UnCOILed 2013 tagline. Topics expected to be covered in the 2013 UnCOILed conference include refining one shot instruction, student engagement, faculty outreach, connecting with students, and the human element vs. technology.
