

Courtney Oliphant graduated from Warren Wilson College in 2011 with a Bachelor's in English/Creative (yes, it really says that) and received their Master's in Library and Information Studies from the University of Oklahoma in 2021. They currently work as the Instruction and Virtual Services Librarian at Oklahoma City Community College and lives for the chance to show students, faculty, and staff new ways to incorporate the library or new platforms into their time at the college. When not doing library things, Courtney spends time with their spouse, mom, pets, and friends, watching movies, reading horror, learning new crafts, and talking others into going to book club with them.
